
Founder and Partner

Financial Services focused business change professional with extensive experience within the project, program management and project governance space.

Extensive knowledge of program management activities for large complex transformation business change and integration activities, spanning both business, digital and technology. Over my career I have worked across Europe with RBS, Lloyds and JPMorgan. The last 10 years have been based out of UAE working with FGB / FAB, AGTB and for the regulator Central Bank of the UAE.

Most recently providing consulting engagement services via Mingzulu for start ups in the SaaS space. I bring a wealth of operational experience that will focus on the operational activities for Mingzulu.
