
BOARD MEMBER & SVP CORPORATE DEVELOPMENT, SYMAX GROUP

CHIEF LABS OFFICER, HYPERLOOP TRANSPORTATION TECHNOLOGIES

Mauro Romano is SVP and Member of the Board at Symax Group. He is also the Chief Labs Officer of Hyperloop Transportation Technology. With a long standing successful track record in business development, Mauro has guided various endeavors in Europe and the MENA region to fruition, working with establishments and firms across Europe, UK, USA, UAE, KSA, India, Peru, among others.

Mauro's experience includes working with the Dubai Gold and Commodities Exchange, London Stock Exchange Group and The Bank of New York. Aside from working with such esteemed institutions, Mauro is also an entrepreneur at heart. In 2018, he co-founded ArabClicks (Morexa DMCC), in Dubai, UAE, the first Arabic performance marketing network. ArabClicks was effective in boosting online traffic to sites like Amazon, Noon, Emirates Airlines, Adidas, and many more.

Mauro obtained a BA and MS in Economics and International Markets at Parthenope University in Naples, Italy. He later pursued an MA in Quantitative Finance and Risk Management at Bocconi University in Milan, Italy. In 2017, Mauro took part in the Senior Executive Leadership Program Middle East at Harvard Business School in Boston, US. Mauro's interests cover real estate investment, consumer goods, financial strategy and forecasting, start-up investments, and spends his me-time reading, swimming, and traveling.
